### **LV Pembroke Transportation Master Plan Open House**

Date and Time: Wednesday, December 13 4:00 pm - 7:30 pm

Address: 80 Richardson Crescent

Notice of Public Open House

Township of Laurentian Valley/City of Pembroke  
Transportation Master Plan East-West Traffic

The Township of Laurentian Valley in partnership with the City of Pembroke is completing a Transportation Master Plan for East-West Traffic.

A Transportation Master Plan (TMP) is one of several strategic policy documents that direct how a municipality will grow and develop over the long term. It works together with a municipality's Official Plan, which directs land use and development patterns, as well as other master plans such as those concerning municipal servicing, parks and recreation, and economic development. Generally, Transportation Master Plans examine current transportation issues within a community, determine the need for transportation improvements to support future growth, and establish policies to support the plan and maintain the transportation network. The Transportation Master Plan for East-West Traffic is being undertaken in accordance with the requirements of the Municipal Class E

nvironmental Assessment (EA) (an approved process under the Ontario *Environmental Assessment Act*).
