Wednesday, March 1st: Brand Identity

- Virtual

Branding ensures you have a prominent position in the marketplace and gives your company personality and meaning.

Brands affect buying behaviour by fostering loyalty and ongoing sales. Over time your brand becomes associated with a level of credibility, quality, and satisfaction in the customer's mind.

A unique brand can have an enormous impact on your bottom line by giving you a competitive advantage over your rivals and helping you acquire and retain customers.

In this webinar instructor will cover:

- Creating an Authentic Brand Identity
- 7 Ways to Incorporate Brand Identity Into Your Retail Store

For more details on the Service Concierge program you can also contact the respective [municipal representatives](#). A special thank you to [Enterprise Renfrew County](#) for being a co-host collaborator of this event as well.
