#### Facts:

- Line painting is done primarily during daylight hours only.
- Most Township Roads are painted each year.
- It takes about 2 minutes for traffic paint to dry.
- Wet traffic paint on the road may splatter on your vehicle if you cross the centerline before the paint has dried.

If you encounter a line painting crew on the road:

#### Don't:

- Pass, unless the warning signs direct you to do so
- Cross the centerline

#### Do:

- Slow down and stay well behind the truck.
- Obey the warning signs on the truck.
- Be patient.
- Unless otherwise directed, wait for the truck to pull over before passing.

**If your vehicle is splattered with paint:**

- Go to a car wash as soon as possible.
- If the paint does not wash off, spray the affected area with WD-40 and allow it to dry for 2 hours, then rewash the vehicle.
- If the paint remains, consider submitting a claim to your insurer.
